PROCEEDINGS OF THE FOURTH ORDINARY MEETING OF THE DISTRICT BOARD, TUMKUR, HELD IN THE DEPUTY COMMISSIONER'S OFFICE, TUMKUR, AT 12 NOON, ON THURSDAY THE 29TH MAY 1930.

Present.

Ex-officio Members ... 2 | Non-official Members ... 25

Absent 5.

The Executive Engineer, Tumkur Division; Mr. Rangachar, Traffic Superintendent, Mysore Railways, were also present on invitation.

4. (*a*) District Board Resolution No. 31, dated 14th May 1929, appointing a Committee to go into the question of Railway connection between Tumkur and Chitaldrug and other places in the District and directing that proposals may be submitted in the matter.

(*b*) Resolution of the Sub-Committee in the matter:—

(i) The line from Tumkur to Chitaldrug, *viz.*, Sira and Hiriyur may be dropped at present as it is very unremunerative.

(ii) Two separate branch lines one from Tumkur to Sira and other from Tumkur to Madhugiri may be taken up.

(iii) These two lines may be only light metre gauge lines so that capital cost may be reduced as much as possible by using second hand materials as far as possible.

(iv) The Government may be requested to work the lines on the same conditions as those to which they have agreed to work the Nanjangud-Chamrajnagar section, *viz.*, charging 65 per cent of gross earnings for working expenses.

(v) As these two lines are feeders to the main line, the increased earnings on the traffic of these lines on main line may be asked to be credited to these branches as a rebate.

In view of the reduced capital cost on account of suggestions contained in para 3 and suggestions in parts 4 and 5, the total loss on the lines will be considerably reduced and will be possible for the District Board, to meet it either from the interest on cess funds already collected or from annual cess collections or from both till the lines pay.

Resolution.—The resolutions of the Sub-Committee are approved with the following additions:—

(i) The provision made in the estimate for the rolling stock may be omitted; 5 per cent on the gross earnings being paid for hire of the rolling stock as on the Nanjangud-Chamrajnagar lines.

(ii) If it will save expenditure a stiffer gradient say 1 in 80 or 70 may be adopted for laying the line instead of one in 100.

(iii) As far as possible a common alignment may be adopted for both the branch lines.
